

FALMOUTH SCHOOL

FALMOUTH SCHOOL CO-CURRICULAR PROGRAMME

AUTUMN 2026

Welcome

At Falmouth School, we believe that the very best education goes far beyond the taught curriculum. Our Co-Curricular programme is designed to inspire curiosity, nurture creativity, and encourage every student to discover and develop their individual talents. With a rich variety of clubs and societies spanning sport, music, art, design and engineering, mathematics and the humanities, pupils are offered the chance to extend their learning and broaden their horizons in a stimulating and purposeful environment. Importantly, every activity is offered free of charge, ensuring that all students have the opportunity to participate fully in the life of the school.

This breadth of experience reflects our holistic ethos: we place equal value on academic excellence and personal development, recognising that character and confidence are formed as much through co-curricular endeavour as they are within the classroom. Alongside enrichment, our Period 6 provision for Year 11 embodies this commitment, offering subject-specific guidance and personalised coaching across GCSE and BTEC courses. In this way, we ensure that every student is supported to excel, not only in their examinations but also in their wider growth as thoughtful, ambitious, and well-rounded young people.

What do we have on offer?

Falmouth School provides students with a wide range of co-curricular activities covering arts, sports, and academic interests. Students can explore their creative side with clubs like Lego Robotics, KS3 Art Club, and Photography Club, which caters to all year groups. For those interested in music, there are a variety of groups to join, including Beginner Band for younger students, a Senior Choir for older students, and a Jazz Band. Academically, students can challenge themselves with clubs like History Club, Cipher Club, and GeoGuesser Club, while the Duke of Edinburgh Award offers a chance for adventure and personal development.

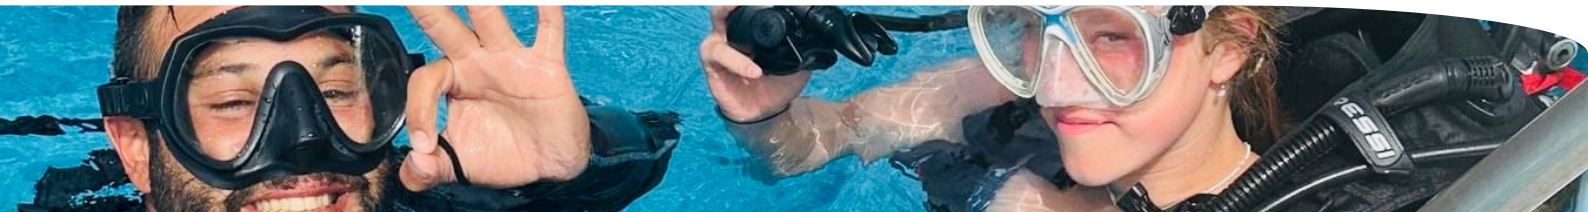

The school's commitment to sports and physical activity is also evident in its diverse offerings. Students can participate in team sports like rugby, football, and netball, with different sessions available for various year groups. Students can also represent the school in a variety of sports fixtures throughout the week. Beyond the field, there's the Wellbeing Club Art and an LGBT+ Group, which provide a supportive environment for students to connect with their peers. This extensive timetable ensures that every student has the opportunity to pursue their passions and try new things, making school life a well-rounded and engaging experience.

Monday
